Response to Amendment

The amendment filed on 09/21/05 is sufficient to overcome the prior art reference.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims 32, 33 and 34 are allowable because the prior art of record fails to disclose or suggest or teach the recited locking groove formed at a rear portion of the dispenser housing; and a locking hook formed at a rear portion of the drain pan and configured to engage with the locking groove, wherein a through hole formed at a rear portion of the dispenser is configured to allow the locking hook to pass therethrough, wherein a first support rib extends back from an upper portion of the through hole and bends downwardly, and wherein the locking groove is formed at an end portion of the first support rib (see claim 32); locking groove formed at a rear portion of the dispenser housing; and a locking hook formed at a rear portion of the drain pan and configured to engage with the locking groove, wherein the locking hook protrudes from an end portion of a second support rib which extends in a horizontal direction from a rear portion of the drain pan (see claim 33); a locking hook formed at an end portion of the second support rib; and a locking groove formed at an end portion of the first support rib and configured to engage the locking hook when the drain pan is installed, and to disengage the locking hook when the drain pan is removed (see claim 34).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
